

Overview

The WEB-MDV52 MiniDV Handycam® camcorder is a high quality, versatile, and highly capable device. Boasting a strong zoom lens and vivid color reproduction, this camcorder delivers what you need to capture those memorable events. The Carl Zeiss® Vario-Tessar® Lens and Super SteadyShot® image stabilization capture clear, sharp video. Powerful 40x optical/2000x digital zoom brings you close to the action, and the 2.5" touch panel SwivelScreen™ LCD display puts control of everything at your fingertips.
